NUMBER 10.

See ad-of the great Lexington trotting races.

Several cases of grip accompanied those cool days last week.

W. T. Kenton has THE OUTLOOK's thanks for a complimentary to the Mt. Olivet Driving Association's Fair Sept. 30th to Oct. 3d.

Col. J. H. Davidson, of Illinois, the Republican speaker announced to deliver an address here Monday, from some cause failed to come.

In Jack Trumbo's yard, in Har-rysburg, is a blackheart cherry tree in full bloom. The tree bore a heavy crop of cherries this season.

Miss Louise Maury Mitchell, daughter of the late Dr. John A. Mitchell and Andrew John Steele, of Louisville, will wed October 20th.—Maytress Ledger.

DROUGHT.—Drinking and stock water are getting so scarce in some parts of the country that the people have to haul it from a distance, and drought is preventing fall sowing of wheat and

STEEL MITCHELL.—The marriage of Miss Louise Maury Mitchell and Andrew J. Steele will take place at 8 o'clock Tuesday evening at Christ Church Cathedral. Miss Mitchell is one of the best known singers in Louisville, and has a large number of friends. Mr. Steele holds a responsible position at the Postoffice.—Saturday's Louisville Post.

The bride is a niece of Mrs. J. T. Kimbrough, and a sister of Arthur and Edgar Mitchell, formerly of this town.

SUNDAY'S DIVERSION.—About noon last Sunday a racket was raised among the colored people near "the Culvert." Cole Shelton was in a belligerent mood and hurled a hatchet Indian style at Helen Trumbo. The thomashawk missed Helen and stuck in the side of the house. "Unas, the last of the Mohicans," couldn't have made a neater strike at a war post, and it could only be removed by a strong effort. He then let fly some darts, one of which struck and cracked her skull. Dr. Threlkeld dressed her wound. Cole was jailed. His trial is set for Friday.

HOW TO KILL CHINCH BUGS.—Owing to the continued presence in great numbers of the "chinch bug" and the apprehension of damage by them to growing wheat in the fall and the probability of their appearance again next year, the Bureau of Agriculture desires to submit the following information as to the nature and habits of this pest:

PROF. GARMAN, Entomologist of the Kentucky Agricultural Experimental Station, says of the "chinch bug": "From its history it seems improbable that any very serious injury will be done to fall wheat, but the presence of the bugs in the fields this fall makes probable injury for the next season. So much depends on the weather between now and then, however, that it is unsafe to predict anything. If we have a damp fall and winter many of the bugs will succumb to disease; if it is dry during the fall and winter the probability is that the bugs will be destructive next year. The adult chinch bugs hibernate under rubbish at the edge of the fields, and farmers should see to it that no such lurking places are left for them. An unsparring

WILL REMAIN UNTIL THE 18th.—Dr. G. Goldstein, the eye expert, who has been here the past 10 days fitting glasses to our citizens, has decided to remain until the 18th inst. The Dr. has been busy since here fitting many of our local citizens, and they all speak of him in high praise of the good he has done them. Call at Owings House.

TO SEE BRYAN.—A large number of our citizens went to Lexington Tuesday to see and hear Wm. Jennings Bryan, who is frantic over the election of the colored voters here that their expense would be paid on the trip if they would go, and several made the journey on those terms.

ANOTHER G. A. R. REUNION.—The Thor. Clark Post, G. A. R., of Owingsville, will hold its first annual reunion at Preston on September 24th, 25th and 26th, 1896. The Committee on Arrangements is composed of Thor. Copher, Felix Clark, David Ratliff, Jas. K. Jackson and John S. Anderson. All Mexican, Confederate and Federal soldiers are invited. There will be able speakers, a good concert band, and a procession twice each day. All the side attractions will be there. A great time is anticipated.

THE SHOOTERS.—The frequent popping of fire-arms around town rather indicates that some of the gunners are after a mess of wild meat; squirrels, doves, robins, and such small deer, probably, for hunting. The gunners shot down—  
Shank (it's part, with a whoop) along the fore part of September. Perish the thought!

BURGLARS.—While Mrs. Lilia Clark was attending the street scene of the Quaker medicine company Monday night burglars broke into her residence and ransacked the house, turning beds upside down, presumably searching for money and other valuables. Nothing of particular value was taken. Mrs. Clark is one of those prudent ladies who places her money in her purse.

NEWTON.—Our good National Democratic friend Simps Newman, of Grange City, had more fun in town Monday than a dozen ordinary men could have crowded into the same time, jollying his Popocatopis friends with his advocacy of the Indianapolis platform and ticket. Simps is as witty as a professional humorist, and he is, moreover, finely informed upon political matters, and especially upon the financial side. He made a speech of one-hour's length in front of the Court-house and entertained his hearers hugely with his talk of solid sense and his irresistible drolleries. Simps is a thorough success as a stump speaker and an influential advocate of any cause he espouses.

MISSIS. ILLS. OUTLOOKS.—"I thought I would write you regarding our paper, THE OUTLOOK. What is the matter? We haven't had the Outlook now for three weeks, and I can't understand what is the matter. Everything here is free silver, and it may be you have all turned for free silver and forgotten that you edit a paper at all. I wish you would see why our paper doesn't come, for we are at a loss when we can't hear from our old native home once a week."

WHAT'S THE MATTER?—About one dozen of our correspondents failed to respond this week. What's the matter, ladies and gentlemen? Some of you are so irregular that we don't know what to depend on, and we fill up our space with other news so that we sometimes have to cut down our correspondence in order to make room when you do all send in.

WE DON'T KNOW WHY MR. CORBIN'S PAPERS DIDN'T REACH HIM, FOR WE SURELY MAILED THEM TO HIM. BY OUR METHOD OF USING PRINTED SLIPS FROM THE SMILING GALLEYS IT IS ALMOST IMPOSSIBLE TO MISS A SUBSCRIBER'S NAME UNLESS DONE DESIGN-ABLY, WHICH WE ASSURALLY DON'T DO, AND WE FIND MR. CORBIN'S NAME IN THE GALLEYS AND IT HAS BEEN THERE SINCE THE PAPER'S BIRTH.

SHOOTING AFFAIR.—ON Monday afternoon three pistol shots rang out in quick succession on Jefferson street. The difficulty was between Henry Atchison, of Wyoming, and Travis Hurt, both well known colored men. Henry had been seeing the sights in town since Saturday and had a considerable roll. He and Travis were equals. Henry claimed that Travis had robin him and the shooting was a result. Some witnesses say that Henry pulled his gun and cut loose, while others say that Travis shot first, then Henry rushed in and grabbed the weapon from Travis and fired two shots at him, and the doctor cut the ball out near the elbow. Henry was lodged in jail. The case came up before Judge Gudgel Tuesday afternoon. Atchison got \$25 and ten days in jail. His bond was fixed at \$500 to appear at the October term of Circuit Court. Travis' trial is set for Friday.

Public School Superintendent.

Billy Bryan keeps a-cryin': "Down with the up's!"

DEMOCRATIC principles first, Democratic organization and the offices afterwards.

This campaign will gauge pretty accurately the power of demagoguery with this nation's people.

The gold reserve is growing rapidly, which is a bad sign for Bryanism. It was over \$109,000,000 Saturday.

HEADMAN MAXWELL, Fourth Assistant Postmaster General, is shouting for Palmer and Buckner. Let the good work go on.

The festive tornado is no respecter of place. One struck Paris, France, last week and did much damage, killing several people and wounding many more.

"No use in talkin', Jones; my name's Bill Bryan. Stuck-on-his-elegance, and I'm goin' to stump New England if it beats me!" And Jones had to let him went.

It looks now as though Bryan would carry Arkansas in November, and with Utah and Nevada he will have done very well indeed for one so young.—Louisville Post.

THE Populist national headquarters asks dollar contributions to its campaign fund. Of course it prefers 100-cent dollars, but probably wouldn't refuse even Mexican 53-cent dollars.

U. S. SENATOR CARTER, of Montana, was a leader of the silver Republicans at St. Louis, but he is now for McKinley. The tree riot and other planks in the Chicago platform are too much for him.

POPELISTS—"Give us the core." POPOCRATS—"They ain't goin' to be no core to this Presidential apple."

And the Populists keep getting madder and madder at the Popocrats.

An attack on Gen. Palmer's war record is a two-edged weapon. For every vote that Bryan gives to it in Kentucky a dozen will be lost to him in the Northern and Western States of Ohio, Indiana, Illinois, Iowa, etc.

The readers of the next, bright-faced little Mt. Sterling Journal will miss its weekly visits now that it has been merged into the Gazette, which as the Gazette-Journal will probably be issued semi-weekly before long.

SENATOR DAVE B. HILL, ain't doin' a thing but worryin' the life out of his Popoeratic brethren. He declined without thanks his election as an Albany delegate to the New York State convention because it bound him to get on the Chicago dump.

COL. JONX O. HODGES, a genuine original silverite, aspirant for the Popoeratic Congressional nomination in the Lexington district, has a design of skaining his rival Popoerster Bronston and will pepper and salt the quivering raw flesh in his characteristic style.

The official returns in the Arkansas State election in 61 out of the total 65 counties give a Democratic plurality of 15,235. The plurality in 1892 was only 11,879. The present is the largest Republican victory in the State's history. The city of Bath, the home of Sewall, went 375 Republican, the largest ever given. The Democrats get less than half a dozen Legislators and no Senators. The defeated Democratic candidate for governor says the Chicago platform caused it.

BRENTON Bryan draws big crowds no sign that the voters among them are going to support him. Indeed, the two headed girl and other freaks drew big crowds, but only a few of the most hopeless would have voted for either for President.

THE Populist National headquarters has sent out an appeal for campaign funds headed with the declaration that "the Democratic party would destroy the Populist party were it to get into power." That helps show what a stupid failure Popoeracy is.

TEMPTATION trite the moral grip. Adam and Eve wuz very good plums until the Devil shook that bush; then they let go that hold immediately.—Josh Billings.

The temptation of silverism is trying the moral grip of the American people.

THE Republican State Committee of Nebraska has polled Bryan's home precinct and finds it overwhelmingly for McKinley. It says: "It is a certainty that Bryan can't carry his precinct, ward, county, Congressional district or State." The poll of Bryan's precinct showed for McKinley, 210; for Bryan, 71; doubtful, 11.

THE wielders of "big butch, little butch, Grampy's knife and cob-handl" voted unanimously for silverism at the Arkansas State election last week, and Popoeracy boasts of a 50,000 plurality. Mark Twain, who piled the Mississippi for many years, locates the center of ignorance in Arkansas.

THE Frankfort Capital says:—"The free silver campaign in Kentucky has knocked the wind out of one of Gov. Bradley's campaign points. Will the Governor look upon Jim McCrory, Charlie Bronston and Chairman Sonnens and say that a Feeble-Minded Institute is not needed in Kentucky?"

IN Texas the cry is "Anything to beat Bryan." A fusion ticket has been made giving the Republicans 8 electors, the Populists 4, and the gold-standard Democrats 3, the state Popoeratic Chairman (Holt's) appointment of McCullough, as a member of the Board of Election Commissioners because McCullough is a sound-money Democrat. Holt talked straight from the shoulder at his fault-finding. Popoeracy brethren and resigned, leaving the campaign management in a chaotic condition. Taggart was chosen to succeed Holt, but Taggart wouldn't have it. One of the Executive Committee read Matthews' doom to him, stating that "It was pretty near time for him to appreciate the fact that he was not the only thing that ever happened, even if he did chance to be Governor of Indiana for a short time; it would not be long until he would be back on the farm to spend the rest of his days in pastoral peace." Let the good work go on.

THE Republians can not be criticised for leaving the Republican party. They have done what every American citizen has a right to do. They have done better than our Democratic advocates of the gold standard have done, because the Republicans when they left the party, joined with those who had a chance to succeed, while our Democratic advocates of the gold standard sought to secure the election of Republican candidates by nominating a Democratic candidate."

SENATOR BEN R. TILMAN's fate is beginning its adverse work. He is destined to go the way of all bullying, blackguarding political ruffians and become in time only a noisome memory. The turn in his triumphant career came last week when his man Gov. John Gary Evans was defeated for the U. S. Senatorial nomination in the primary by Judge J. H. Earl, who got 13,018 votes to Evans' 39,700. There is some hope for South Carolina when this Tilman down forever.

MARY YUILL'S LEADS, Pitchfork Tilman, Seedless West, Stockless Stump, "General" Coxey, Bloodybridge Waite, Anarchist-loving Algedi, Clinchwood Peony, Old Stewart, Carl Browne, all the first-class freaks, frauds and vanity-struck politicians and all of the minor classes of the same, will swell the Bryan crowd. If any chance Bryan should be elected he will be driven totally distracted in less than a month after his inauguration by the frantic horde clamoring for spoils or telling him how to run the government.

DANIEL S. LAMONT, U. S. Secretary of War, wrote to W. D. Bynum:

"The outcome of the Indianapolis convention in candidates and platform is inspiring to every Democrat who refuses to abandon the principles established by the fathers and steadfastly maintained with pride and honor, and who declines to adopt the new and strange proclaimed in a moment of delirium at Chicago and promptly recognized and ratified as its own by the Populist party at St. Louis. I prefer to keep the old faith and remain a Democrat, and shall accordingly cast my vote for Palmer and Buckner."

THE following was read at the Palmer and Buckner notification meeting in Louisville last Saturday night:

"Blizzard's Bay, Mass., Sept. 10, 1892.—Hon. W. D. Bynum: I regret that I can not accept your invitation to attend the notification on Saturday evening. As a Democrat devoted to the principles and integrity of my party, I should be delighted to be present on an occasion so significant, and to mingle with those who are determined that the voice of true Democracy shall not be smothered and who insist that its glorious standard shall be borne aloft as of old in faithful hands.

"GROVER CLEVELAND."

"No shepherd will read a hook on sheep husbandry when a wolf has broken into the fold, until the wolf has been expelled. I believe in party lines. They give stability to the Government. During this campaign it is one's duty to break party lines, yet there is no reason why a man should not return to his party later. The Democrat who comes into our ranks won't find an angelic company, for all Republicans are not yet capable of joining the church."

"I often hear it said: 'we oughtn't to discuss the tariff.' I would rather do so at the present time, but we cannot until the great financial question is disposed of."—Speaker T. B. Reed, at Limerick, Maine.

TALK is cheap, Billy Bryan; and Blaine, all tried to talk their way into the White House, and all failed. It seems unfair to compare the speeches of Bryan to the eloquent efforts of these great orators, but he will easily take the lead among the "also ran" when the momentous first Tuesday in November has come and gone.—Louisville Post.

THE Democrat of this city is the representative of the silver Democrats. This is a pretty raw remark, and may hurt the feelings of some good people who honestly believe in free silver, but it is true. And the Democrat, which was started to fill a long snail hole along with the "cause" that it represents, Frankfort Capital.

MEN who are so foolish as to make wagers on the election should not forget the odds which the peculiar circumstances of the campaign have made in favor of those who will take the McKinley end of the betting. If you bet on Bryan and lose you will have to pay in 100-cent dollars, but probably wouldn't refuse even Mexican 53-cent dollars.

U. S. SENATOR CARTER, of Montana, was a leader of the silver Republicans at St. Louis, but he is now for McKinley. The tree riot and other planks in the Chicago platform are too much for him.

POPOEATL—"Give us the core." POPOCRATS—"They ain't goin' to be no core to this Presidential apple."

And the Populists keep getting madder and madder at the Popocrats.

AN attack on Gen. Palmer's war record is a two-edged weapon. For every vote that Bryan gives to it in Kentucky a dozen will be lost to him in the Northern and Western States of Ohio, Indiana, Illinois, Iowa, etc.

THE readers of the next, bright-faced little Mt. Sterling Journal will miss its weekly visits now that it has been merged into the Gazette, which as the Gazette-Journal will probably be issued semi-weekly before long.

SENATOR DAVE B. HILL, ain't doin' a thing but worryin' the life out of his Popoeratic brethren. He declined without thanks his election as an Albany delegate to the New York State convention because it bound him to get on the Chicago dump.

COL. JONX O. HODGES, a genuine original silverite, aspirant for the Popoeratic Congressional nomination in the Lexington district, has a design of skaining his rival Popoerster Bronston and will pepper and salt the quivering raw flesh in his characteristic style.

DAVID R. FRANCIS, U. S. Secretary of the Interior, telegraphed to W. D. Bynum, of Indiana:

"Regret that I can not accept your invitation to attend the notification of Gens. Palmer and Buckner at Louisville Saturday evening. Those old heroes have fought valiantly for their convictions on many battlefields, but not patriot ever enlisted in a nobler cause than that which they have consented to lead. It is the maintenance of the country's honor and the preservation of the integrity of Democratic principles, on whose perpetuity depends the survival of our institutions."

BOOZY-SMUTT criticisms of Gen. Palmer were foisted by the action of the Indianapolis convention nominating on the ticket with Palmer one of the most eminent living Confederate soldiers, Gen. Buckner reached the rank of Lieutenant General in the Confederate army, and no other citizen of Kentucky did. Gen. Buckner's loyalty and valor are well known. When he saw his law passed, and the silver miners in the great West he got things fixed so that they kin pay what they owe in their own silver. They will hit it out to an extent which will make it cheap to buy.

Therefore we rejoice at the prospect uv free silver. When we see such a law passed, and the silver miners in the great West he got things fixed so that they kin pay what they owe in their own silver. They will hit it out to an extent which will make it cheap to buy.

Mr. Orme is resting better. Mr. Ralph's son and Mr. Burns' son are able to be out.

J. W. Pollard, of Georgetown, is up on a visit to friends and his best girl.

Henry May and wife J. W. Pollard are convalescent.
